

BODILY LOG		South Atlantic		Jacksonville District		No. 1	
Indian River County Beach Restoration				Project No. 1-1/2"			
Contract No.				Date			
Name of Agency J. Katsolis				Name of Engineer E. Hargrave			
Contract No. CR-27				Location of Project Tidegall			
Name of Station J. Katsolis				Date of Survey 5-18-74			
Station Number CR-27				Date of Report 5-18-74			
Total Length of Section 10.0'				Section No. 1			
Name of Station J. Katsolis				Date of Survey 5-18-74			
Station Number CR-27				Date of Report 5-18-74			
Total Length of Section 10.0'				Section No. 1			
Name of Station J. Katsolis				Date of Survey 5-18-74			
Station Number CR-27				Date of Report 5-18-74			
Total Length of Section 10.0'				Section No. 1			
Depth	Feet	Feet	Description of Soil or Rock	Grain Size	Moisture Content (%)	Specific Gravity	Remarks
-35.5	0.0						
-36.5	1.0		Shell, small to medium, a little fine quartz sand, very clayey to 1', slightly clayey to 5' (clay is wet, gray, soft)				3-1/2" vibrocore
-45.5	5.0		Sample 0.0 to 10.0' (SP), 5% shell, gravel to sand size				
-43.0	7.5		Sand, fine to medium grain, quartz, some small shell fragments, gray (SP)				
-55.3	14.8		See - 10.0' to 14.8' (SP) 75% shell, gravel to sand size				

Sample numbers refer to the samples sent to the SAG Laboratory for grain size analysis.

Note: Soil classification have been added to the log.
